

# Purple Class Monthly Update: January

In January, Purple Class had the visit of The Little Village Company, we were able to develop our play skills and our imagination, by engaging in play pretend like, going to the market, post office, we even enjoyed a play pretend tea party.

For My Communication lessons, we've been discovering The Gruffalo story, engaging in colourful semantics activities, using sensory activities to discover the story.

In My Sensory Play, we practiced turn taking, sharing and engaging in a peer to peer activity, children engaged in interactive games where they had to engage in sharing and waiting for their turn.

Communication was our main focus in January.
